SUSPENSION OF COUNTY PATROL HEAD ANNOUNCED

Charges Filed After Many Months Of Investigation Of Conduct In Office

Captain Paul Perussina was relieved from command of the San Mateo County unit of the state highway patrol by his superior officer, Wednesday morning of this week.

Captain E. F. Cassell, commanding officer of the Golden Gate bridge patrol force, was placed in temporary charge of the San Mateo County patrol.

Notice of the charges preferred against him and of his suspension from active duty, were served on Captain Perussina at the traffic bureau here by Supervising Inspector William R. Sharkey of Sacramento, acting on instructions of Patrol Chief E. Raymond Cato.

Sharkey was accompanied to Redwood City by District Inspector Andrew Ford, whose investigation of Perussina's conduct led to the latter's suspension.

Perussina surrendered his captain's star, service revolver and other equipment to Supervising Inspector Sharkey.

District Inspector Ford said the charges against Perussina listed in the notice served by Sharkey, were as follows:

1. Incompentency.
2. Inefficiency.
3. Disrespectful treatment of the motoring public.
4. Wilful disobedience of the orders of his superiors.
5. Physical disability.

"All of the charges are based on an official investigation of Captain Perussina's activities over some period of time," District Inspector Ford de-

ALL SHIP SHAPE FOR BIG PICNIC ON AUGUST 21

Local Chamber Of Commerce Prepares For Record Crowd At Garden

All is in ship shape for Daly City's biggest date of the year—the gala Chamber of Commerce picnic at Lovchen Garden on August 21. Such were committee reports on the affair at a meeting this week.

Main features of the picnic will be an excellent musical program presented by the Daly City Band, dancing, games, bowling and free refreshments. A horseshoe tournament will be played off in the afternoon.

Candidates for the August 30 election have been invited to attend the picnic. Residents who have not met all the candidates aspiring to county positions will have an opportunity to do so at Lovchen Garden.

Free bus service from the top of the hill to the garden will be provided, according to committee reports. The bus will leave Daly City every half hour for the picnic grounds.

Absent Voters May Apply For Ballots

According to County Clerk W. H. Augustus, registered voters who expect to be away from their homes on election day, August 30, may apply for absentee ballots, for fifteen days.

Applications should be made some time between August 10 and August 25 to the office of the county clerk in the courthouse.

Reason why the ballot is desired must be stated. The application may be made either by mail or in person to the clerk's offce. Ballots then will be mailed out or handed out, as the case may be.

All persons registered 40 days prior to the election date are eligible to cast ballots in the coming primary.

WILL BACK GARNER

Just before he sailed on the liner Manhattan, Senator Edward R. Burke, Nebraska Democrat, announced that he favored Vice President John N. Garner as presidential candidate in 1940 and that he was planning to support him.

President Roosevelt Greeted By President Of Panama

Arriving at Panama after an extended fishing trip in Pacific waters, President Roosevelt was greeted by Juan D. Arosemena president of Panama, at right. Roosevelt was en route to Washington, D. C., to resume his duties as chief executive of the United States. He has been vacationing on the Pacific aboard the cruiser Houston since his cross country trip, which ended at San Diego, Calif., July 16. Photo shows (left to right) Colonel Elwin M. Watson, President Roosevelt and President Arosemena.

GOLD GLITTERS FOR YOUNGSTER

Three and one-half year old Keith Carlson was found, this week, after an eighteen hour search for him through the rugged mountains in the vicinity of San Bernardino. In his hand he clutched a lump of "fool's gold."

Shortly ofter noon Keith, clad only in a light play suit, sauntered off in search of the precious metal. He soon found a gleaming lump of pyrites, to which he clung throughout the night.

He was cold and hungry and scratched a bit around his sturdy legs, but otherwise uninjured.

His distracted parents, Dr. and Mrs. Eldon L. Carlson of Los Angeles, who prayed through the night that Keith would not tumble over one of the hundreds of rocky cliffs, folded him in their arms. They would not punish him, they said, and would not cut short their week's vacation in their camp near Arrowhead lake.

FIESTA WANTS MORE PEOPLE FOR PAGEANTS

Fencers And Singers Are To Be Specially Trained For Their Parts

While the San Mateo County Floral Fiesta today sought more men and boys to take part in the annual Fiesta pageants, scheduled nightly during the event, September 21-26, the officials took time out to find a part for an eight year old boy who wrote his wishes to participate.

The boy, little Dick Fowler, son of Mr. and Mrs. John Fowler, 112 Costa Rica avenue, Burlingame, was a flower boy at a wedding scene last year. Anxious to get a part in the 1938 show, he wrote the Fiesta Commission:

'Dear Mr. Lippman: Are there going to be any little boys in the Fiesta this year? Could I be one? I had so much fun last year. I have had more experience this year. I am sending you a picture of me in my costume, so that you will remember what I look like. If you have any little boys in pictures could I help in those, too?

(Signed)

DICK THOMAS FOWLER,
112 Costa Rica Avenue,
Burlingame, Calif."

Young Dick will be given a part as cabin boy in one of the ship sequences.

The Fiesta welcomes anyone who wants a part, regardless of what he or she may do. Fencers and singers will be specially trained for their parts. Rehearsals are held each week, at Central School, San Mateo, at 7:30. Registrations may be sent in to the Fiesta office and Lou Ashe, director, and auditions are held nightly.

GOLDEN VOICED COWBOY TO SING AT STATE FAIR

California Bred Movie Star To Be One Of Many Thrilling Attractions

Fred Scott, the golden voiced cowboy who will thrill thousands of California State Fair and Exposition visitors in Sacramento September 2 through 11, once sang in San Francisco and Los Angeles grand opera.

Now on a sensational tour of the Eastern states following the making of several outstanding musical west-

ern movies in Hollywood, Scott is a real Californian. Born in Fresno and raised in Oakland, voice critics predict a great future for him in the singing world.

He has been signed by Secretary-Manager Robert Muckler to appear as one of the stars on the California State Fair and Exposition's world-famous entertainment program.

Ask Protection For Injured Workers

Emergency hospitalization, adequate during construction on Treasure Island, were demanded, this week, at a meeting of the Exposition Safety Council on the island.

Representatives of the Building Trades Council said they would request immediate transfer of emergency hospital facilities to the permanent space in the Administration Building allotted for such a hospital during the fair. T. A. Reardon, chairman of the Industrial Accident Commission, said the commission would support the demand.

Discussion at the meeting centered on three recent serious accidents in which ambulances were allegedly late in arriving, particularly in the case of Fred Magnuson, first Treasure Island fatality, who died before an ambulance from San Francisco could reach the island.

SUGGESTIONS ON SAFETY ASKED

Speed regulation, strengthening of the drivers license system and the control of pedestrian traffic were the subjects considered by a group of 75 experts, meeting recently in Washington, D. C.

Discussion of speed regulation centered chiefly on whether absolute limits should be prescribed or whether alleged violators should be permitted to prove that they were driving safely under prevailing conditions. The latter method, the so-called prima facie limitations, was upheld, but the conference decided that reasonable speed limits on important highways should be indicated by signs, with lower limits for night driving.

The raising of the day limit for open country driving from 45 to 50 miles per hour was recommended, with a suggestion that in some states it might be raised to 55 or even 60 miles.

Readers of our weekly paragraph in this newspaper may have definite ideas on this subject of speed regulation, and this commission would like to have their opinions. Address us at the county court house. Other recommendations of the conference will be presented later.—San Mateo County Safety Commission.

PUBLIC SAFETY EXPERIMENT MAY PROVE SUCCESS

Reflector Discs Will Be Mounted On Posts Three Feet Above Road

An experiment in public safety will help illuminate three miles of Bayshore Highway, perhaps within the next week, the California State Automobile Association announced recently.

The experiment will make use of reflector discs, mounted on posts, about 30 inches above the ground, on the stretch between Mills Field and Broadway, Burlingame. The object of the reflectors is to catch the gleam of headlights, thus outlining the highway far ahead on dark nights. They should be of immeasurable help in spotting pedestrians and other vehicles, the association believes.

If the discs prove as successful as they have in Michigan, where they decreased night accidents 79 per cent, the association plans to plant them over the more hazardous stretches of California highway.

Free Classes At Polytechnic High

The class in sight singing, ear training, elementary music theory and voice will open at Polytechnic Evening High School, Monday, August 15, at 7 p. m., under the direction of Etta McCue.

This class is free to all persons eighteen years of age or over.

125 BOYS-GIRLS WILL RECEIVE SWIM ENSIGNIA

Swimming Program Sponsored By Daly City Record At Hi Pool Nears End

More than 125 local grammar school boys and girls will receive swimming insignias, Saturday afternoon of next week, as an award for their accomplishments this summer at the new high school pool. Crocker and Woodrow Wilson Parent Teacher Associations are presenting the awards.

The Daly City Record has sponsored the swimming program, this summer, which has entitled local grammar school boys and girls to one swimming lesson per week during the vacation period.

Instructors at the high school report that every boy and girl has learned basic swimming fundamentals during the summer course of instruction. Some of the more experienced swimmers have gone on into advanced work.

The Crocker and Woodrow Wilson Associations are purchasing the awards to be made next week and will arrange for their presentation. An exhibition at which the girls and boys will demonstrate what they have actually learned this summer will be staged at the high school before the awards are made. Parents and friends are invited to attend the exhibition.

ESTHER BRANCH WILL CONDUCT COOKING SCHOOL

Noted Home Economist To Be In Charge Of Affair At Daly City Theater

The announcement was made of a three day cooking school to be conducted at Daly City Theater for the housewives of Daly City and surrounding sections. Miss Esther Branch, noted home economist from the Spry Research Kitchen, Cambridge, Mass., will be here in person to conduct the school from the stage of the theater, which will be transformed into a model kitchen for three days.

Miss Branch has had many years of experience in home economics work and comes to you with many new and interesting recipes. She not only demonstrates how to make excellent pies, cakes and pastries, but tells you why she does certain things to insure excellent results each ti you try.

The school will start at 1 o'clock each day and continue until about

2:30; then there will be a drawing for some fine prizes. After that is completed the matinee pictures will be shown to all the ladies who attend the cooking school, and the theater has announced there will be no advance in prices for this special event.

Many valuable prizes are to be given away during the three days of the school, some of which are a $108.50 Continental gas range, with kitchen heater, a $59.95 Zenith console radio, and a $24.50 Sunbeam mixmaster. All of the foregoing prizes will be given by Byrne Radio Store, Mission street, opposite the theater. Also 45 bags of groceries will be given by Edmund Knoll Co., grocers, located at 6001 Mission street. Altogether 21 prizes will be given each day.

This is to be a gala affair for the local housewives, and one that you can not afford to miss, so plan now to attend all three days, and bring your friends. Remember the dates, Tuesday, August 16, 23 and 30, starting at 1 p. m. each day.

HEAD BRISBANE FIRE DISTRICT RESIGNS POST

Gives Ruling Of District Attorney Regarding Procedure As Reason For Action

Norman R. Brown, chairman of the Brisbane Fire District board, Tuesday of this week, resigned his post in a row with the district attorney and the grand jury over purchase of fire equipment without sanction of the district voters.

"As chairman of the board of fire commissioners of the Brisbane Fire District," Brown advised the Board of Supervisors, by letter, "I hereby tender my resignation, due to the ruling laid down by the district attorney that this district hold an election to determine whether the district keep the truck already purchased by the district commissioners.

"This ruling is contrary to the advice given this commission by its legal counsel. Be it further known that I as a member of this commission am not going against the statutes laid down by the state legislature.

"Be it further known that I as a citizen and taxpayer protest the cost of an election to which this district is being unnecessarily taxed."

The board took no action on the letter, instructing the county clerk to place it on the agenda for the August 16 meeting.

According to Assistant District Attorney Daniel E. Sullivan, the law is specific in requiring the commissioners to secure authorization of a majority of the voters of the district to levy a special tax.

Sullivan, who has aided the grand jury's probe of the Brisbane fire tax, said that Brown's position "is wrong, because the present controversy does not involve the fire truck purchased some time ago."

"What it involves," declared Sullivan, "is the district's contemplated purchase of a new fire truck, to be paid for over the next four years. The law governing fire districts says the commissioners must first obtain the approval of the voters.

"The law was not followed when the first truck was purchased, and it apparently was not going to be fol-

CALIFORNIA PUP DERBY WILL BE BADEN FEATURE

Entries Limited To California Bred Two Year Olds And Under

Nine survivors in the $1000 added California pup derby will race for fame and fortune tomorrow (Saturday) night at Baden Kennel Club in one of the racing classics of the "Sport of Queens."

Twenty-five speedy greyhounds were nominated for the rich purse, and the nine starters tomorrow night are the survivors of five elimination events.

The race is limited to California bred two-year olds and under, and the greyhound breeders brought scores of young speedsters to the track this year for the blue ribbon title event. Thirty-four greyhounds were nominated originally. By final entry date nine of these had been dropped from the list.

Rural Rebel, the track champion, was the outstanding favorite to win the pup derby this year, but there was an outside chance that some unknown would come up from the ranks to take the champion's measure.

Last year just such an event transpired when Plum Shot, the greenest dog in the Derby with only one official race before the elimination events, won in sparkling style to become the greyhound hero of the year.

Treasury Dept. Purchases Clothing

Through the procurement division of the Treasury Department a purchase of men's clothing amounting to $8,254,000 was consumated, early this week. This department has commenced the purchase of $2,000,000 worth of women's coats and suits.

These transactions are for the WPA.

MILKMAN TURNS FIGHTER IN NEW TYPE OF COMEDY

Placid Wagon Driver Wins Laurels In Prize Ring Through Force Of Circumstances

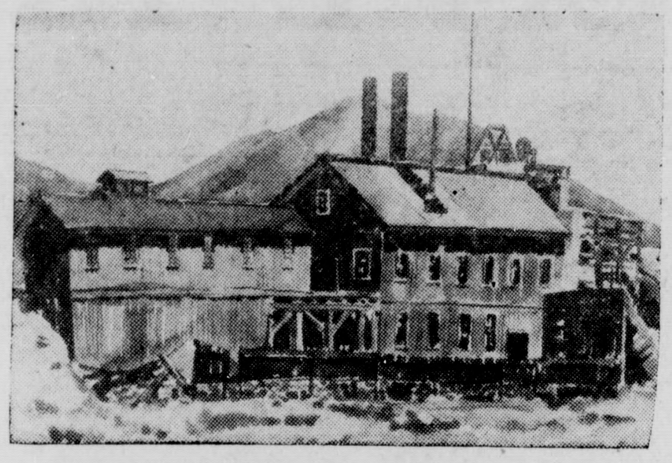

There's a mental lightweight with a heavyweight name—Burleigh Sullivan—who captures the middleweight ring title in the three round comedy "The Milky Way" which opened for a two weeks run at the Alcazar last Monday night.

At no time has the Federal Theater ever presented a comedy with the risible tickling propensities of "The Milky Way." It's a loud laugh from the first gong to the windup with old man gloom taking the count in every round. Walter Gilbert directed.

"The Milky Way" is the story of a placid milk wagon driver who suddenly finds himself confronted by two of the world's chief plug uglies, the middleweight ring champ and his trainer. An impromptu bout takes place on the sidewalk in which the dairyman apparently comes out victor. Later he finds himself in the squared circle contending for the middleweight crown. The many humorous situations that bring this state of affairs about provide everything that goes to make up a first class evening of amusement. Lynn Root and Harry Clork are responsible for "The Milky Way."

The actors, each one of whom is called upon for an important part of the fun—and deliver it—are Justus Wyman, Walter Farnsworth, Bettye Hale, Marion Sterly, Frank Bolger, Edwin Macdonald, Crawford Parks and Dan Stanley. "The Milky Way" will next appear in Oakland at the Twelfth Street Theater, opening August 22, following the closing of the San Francisco engagement, August 20.

One-Man Art Show Depicts California

Announcing a one-man showing of water color works, the Artsits' Co-operative Galleries in San Francisco recently opened an exhibit of the works of Gustoff Sorgatz, prominent San Francisco artist. Depicting historic and scenic California, studies included included such places as the old Comstock Mine at Virginia City, Calif. (shown in photo), Marin County landscapes and Peninsula scenes. Sorgatz, a native of Idaho, studied both at the Chicago and California Schools of Fine Arts. At both schools he was a scholarship student. Best known for his oils and frescoes, he only recently turned to water colors.

Funeral Services For Young Matron

GREAT PROGRESS FOR SURGERY

To what heights the surgical profession will soar in the next half century, we can only guess; but judging from the foregoing, science may go so far as to build entirely new bodies in place of tired, worn and almost useless ones.

A few hours after the recent death of 80 year old Mrs. Margaret Carr, two San Francisco surgeaons removed the corneas from her eyes, placed them in refrigeration, and three days later, in their local hospital, transplanted the tissues into the sightless eyes of Rev. U. E. Harding of Portland and Arthur Morton, a Sacramento pianist, 21 years of age.

At a later date, when the bandages were lifted from the pastor's right eye, the patient exclaimed, "I can see!" He could distinguish the surgeon's hand, count the fingers and discern colors.

"Things are blurred-reddish," the young musician whispered, "but I can see." Then he fainted for joy.

Legion Auxiliary To Install Officers

Daly City Unit No. 410, American Legion Auxiliary, met Wednesday evening of last week. Plans were completed for the annual installation of officers, which will take place next Wednesday evening. District President Jessie Zant, assisted by the District drill team, will conduct the ceremonies. Members of the Post and friends are invited to attend. The outgoing officers have had an excellent year and we are anticipating another one for those to be installed.

The regular monthly afternoon whist will be held, Thursday afternoon, August 18, at 2 o'clock, in the Legion Hall. Mrs. Margaret Kenney and Mrs. Laura Larsen are chairmen. Lovely prizes and an enjoyable afternoon is promised to all who attend. Everyone is invited.

THE NAVY LOSES ANOTHER GAME TO DALY CITY

Heavy Stick Work Of Local Baseballers Responsible For Victory

Still playing top notch baseball the Daly City Recreation team won another game last Saturday afternoon on the Jefferson High School diamond, bombarding the team from the cruiser Pensacola to the tune of 10 to 1. Petrocchi, pitcher for the home contingent, allowed the navy boys but one hit and Raggianti allowed the other.

Some of the features of the game were the stick work of "Casey" Lucia, who got a triple, while Pat Sloane and George Rettig slapped out 3 for 4 and 2 for 3, respectively.

Another feature of the game was the perfect throw of left fielder Fullmer, a distance of about 340 feet, direct to the plate.

Efforts are being made to secure another navy game for next Saturday afternoon, but at the time of going to press these efforts have not met with success. However, if a navy game cannot be arranged, another double A team will be secured for Saturday afternoon at 2 o'clock.

In view of the fact no admission is charged at these games Ye Scribe was thunderstruck last Saturday to count but eight people in the grand stand in the fourth inning.

From the above it would appear Daly City is not baseball minded, but, knowing this to be contrary to the fact, we can only lay the lack of attendance to the wind that was blowing during the last game.

Troop No. 148, Boy Scouts, have planned a swim for Friday evening of this week at Sutro Baths.

On Wednesday evening of next week Mrs. Butcher of Brunswick street will hold a party at her home for the boys.

Judge's Stand At State Fair Moved

The judge's stand and finish line at the California State Fair an Exposition race track has been moved 80 feet south of the old location.

This is to better enable spectators in the new addition to the grandstand, built at a cost of $165,000, to view the finish line.

The old judge's stand, which was built in 1926 and had twelve years of service, has been torn down as has the timer's stand in the infield.

LABOR WILL BE AIDED BY LOW RENT PROGRAM

United States Housing Authority Activities Will Provide Work For Skilled And Unskilled

The $800,000,000 slum clearance and low rent rehousing program of the United States Housing Authority will provide nearly 700,000,000 "man hours" of labor in addition to constructing decent homes for approximately 160,000 low income families, according to a report submitted to Nathan Strauss, USHA Administrator, and made public this week.

A total of nearly $700,000,000 or more than three fourths of all the money to be invested in local low rent housing projects, for which the USHA lends 90 per cent while the local community puts up the remaining 10 per cent of the development cost, will be spent on building materials, contractors' fees and construction labor.

Of this amount $250,000,000 will be consigned as wages to building trades workers and will provide approximately 270,000,000 "man hours" of direct labor on the project sites.

For every ten men who hammer nails and lay brick and install bathtubs, at least fifteen additional men will be put to work in the mills that produce nails, the kilns where bricks are baked, and the factories where bathtubs are made. This "behind the scene" or indirect labor will approximate 430,000,000 "man hours."

The total of 700,000,000 "man hours" of labor, both direct and indirect, which the program thus will provide is the equivalent of nearly 300,000 men working one year apiece in the construction of all the 160,000 low rent dwellings to be built under the long range USHA program.

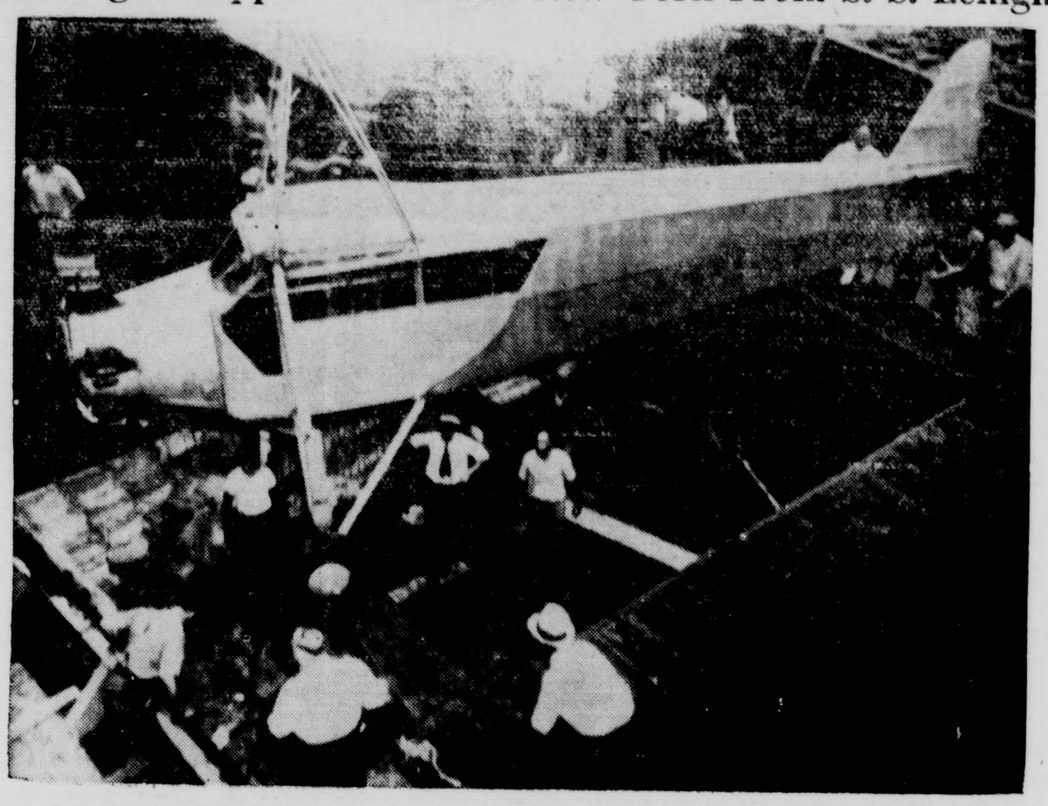

President Ends Vacation Tour

The destroyer McDougal docked at the United States Naval Air Station near Pensacola, Fla., Tuesday of this week, and on board was none other than President Roosevelt, returning from a vacation tour, which had taken him through the Pacific Ocean and Gulf of Mexico waters.

The President came ashore to inspect the air station and participate in a parade through the city. He delivered an address from the platform of his train before departing, later, for Georgia.

Charles Ahrends of Hammond, Ill., put his wife and children out of the house while drunk, and then threw them a mattress and bedclothes.

"Corrigan Clipper" Landed In New York From S. S. Lehigh

Unloaded from the hold of the S. S. Lehigh, berthed in New York, the famed "Corrigan Clipper" was taken to Roosevelt Field for assembly. A few curious spectators and some half dozen policemen gathered by the vessel for the unloading of the $900 plane which carried the "wrong way" flier, Douglas Corrigan, from New York to Dublin. Photo shows the fuselage about to go "overside" to the dock.

DISTRICT DANCE AND CARD PARTY PROVES SUCCESS

The card party and dance given by the drill team sponsored by the Twenty-sixth District of the American Legion Auxiliary of San Mateo County, last Saturday night in Burlingame Legion Hall, was most successful. There were 35 tables of whist and the dance floor was filled to capacity. Many prominent officials and candidates for county positions were present and contributed generously to the drill team fund. Mrs. Beatrice Camgros, chairman for the evening, wishes to publicly thank all who assisted in making this affair so successful, and for making it possible for the team to attend the state and national conventions in Los Angeles next month. Also many thanks go to the press for the generous space and announcements given.

Thanks to the many Legionnaires who did the many little things which require the hands of men to do, and special thanks to Louis Chess, Larry Reilly and Arthur Hartley for conducting the program of the evening.

The door prize was awarded to Mrs. Elmer Vincent. High score prize went to Mrs. Constance Dunn. Many other beautiful and valuable prizes were awarded.

Return From Tour

Mr. and Mrs. Ed Ford of San Diego avenue returned Sunday of this week from Huntington Park, Los Angeles, where they enjoyed a splendid visit with relatives and friends.

While in the south they motored to Tiajuana, Pasadena and other southern cities. They also spent some time in Fresno and Marysville.

DIRECTORS WILL HEAR AGENCIES

Hearing of offers from advertising agencies will be held, Friday night, at the Benjamin Franklin Hotel by directors of San Francisco Peninsula, Incorporated.

Seven agencies are applying for the advertising business of the corporation. Each will be allowed twenty minutes to present its case. Hearings will begin at 7:30 o'clock on the mezzanine floor.

Because of the importance of these hearings in determining allocation of the advertising campaign, all directors have been urged to be present.

BE GLAD YOU CAN DISAGREE

FREEDOM IS A mockery unless every citizen is accorded the right to disagree. The difference between a democracy and a dictatorship lies in the privilege of controversy and opposition, the right of a people to voice and print their own opinion, to choose their own public servants, and to decide their own public policies. Countries in which democracy still prevails are countries where a free press still continues to speak to government in behalf of the electorate. The free press which you maintain in America is your assurance that America shall retain the free government of a free people. Your newspaper is the first line of defense to safeguard and perpetuate the ideal of liberty upon which our republic was founded. Support your newspaper— protect it—for its welfare is your welfare—its freedom is your freedom.

GIVE THE WEST A PLACE!

This vast country of ours is united as one under the federal government.

But each great geographical division has its own history, its own destiny, as well as its own peculiar problems. Who would deny that in formulating wise national policy that these differences should be appreciated and understood, and be permitted to play a part in shaping such policy?

Because of these significant considerations we urge that a Westerner be appointed to the United States Supreme Court to fill the vacancy left by the late Justice Cardozo.

Since Justice Sutherland and Van Devanter retired, none of America west of the Mississippi, save Minnesota, has been represented by any member of the highst court!

Few there are who would declare the particular economic and social problems of California and the West are identical with those of the South and its plantation kingdoms, or with the East and its industrial empires. Or who would deny that a competent jurist familiar with the history, development and nature of the West would not be a wise and intelligent addition to the high court?

We have no lack of such ably qualified men here in this section of America. Give the West a place on the Supreme Court!

CURB THE KILLER

It happened in Oakland, Calif. It could happen anywhere.

Hurtling seemingly out of nowhere, an automobile smashed into a group of people in a pedestrian cross-walk one night recently. Turning out his car lights, stepping on the gas, and caroming around corners, the hit-runner managed to escape his pursuers while cries of "Lynch him!" rose from the infuriated crowd gathered round the victims—Joseph Kelly, age 5, instantly killed, and Timothy, his brother, age 3, instantly killed.

Certainly not lynching, but sure and vigorous justice is the sole remedy needed. Menaces to peace and safety on highways and streets, like menaces elsewhere in our society, should be treated with equal vigor if irresponsible driving is to be permanently checkmated.

A DOG'S LIFE

They say truth is stranger than fiction. Now we can believe it.

Here's the American Veterinary Medical Association, meeting in the East for its seventy-fifth annual convention, reporting that city dogs live longer than country dogs! In other words, the urban pooches who amble on hot pavement, circumnavigate the 9x12 expanses of city apartment rooms, and inhale rich, bracing, steam-heated air, live two or three years longer than their country cousins.

The veterinarians are handy with reasons to explain this. The poor country dog, it seems, is afflicted with all sorts of grief—too much exposure to the sun, climatic changes, irritations from contact with vegetation. This may be true, but we'll leave it to the humble pooch himself to decide. And we'll give odds any upstanding animal would prefer to frisk over the country fields and lanes, even if it does give him fallen arches and deep circles under the eyes.

Bergamot oil equals carbolic acid in its destructive action upon tubercle bacilli, and a new disinfectant is being manufactured as a result of this discovery.

AVOID WASTING PRECIOUS TIME

At the age of 16, a thirst for knowledge and self-improvement, Mary Lyon kept house for her unmarried brother for $1 a week. Her time was precious to her. She improved it by reading and studying.

Out of her high resolve and diligent application came knowledge and wisdom which, in time, enabled her to establish Mount Holyoke Female Seminary, and there enrich the lives of countless young women by the example of a striving that knew no idle or wasted moments.

After the passing of Mary Lyon a paper was found among her effects, containing seven ways of wasting time, against which she had guarded, namely:

1. Indefinite musings.
2. Anticipating needlessly.
3. Needless speculations.
4. Indulgence in reluctance to begin a duty.
5. In doubtful cases, not deciding at once.
6. Musing needlessly on what had been said or done, or what may be.
7. Spending time in reveries which should be spent in prayer.

Worlds Largest Relief Map Under Construction In West

Presenting all geographical features, natural resources, rail and highways of eleven western states, the worlds largest relief map is now under construction in San Francisco. Information for the huge map is gathered by the Industrial West Inc., a co-operating group of coast business leaders, for the benefit of developing the West. When finished the "West" will be exhibited in the Hall of Western States at the 1939 International Golden Gate Exposition and will occupy almost a half acre of space. Photo shows artists at work on the project. Eleanor Beals (left) and Dorothy Swift (right) are tinting sections, while at right is Bayard Wolfe, superintendent of the art division, working on a small section.

MATRON BREAKS ARM

Mrs. Louise Glos, mother of Mrs. Lena Hutchings of Vista Grande avenue, had the misfortune to fall on the front steps of her home, Thursday evening of last week.

She was removed to the Community Hospital, Friday of last week, where x-rays were taken of her left arm and it was found to be broken in two places. A severe break at the elbow and another between the elbow and shoulder.

Her many friends wish her a speedy recovery.

Loss On Million Federal Farm Loans Less Than One-Half Of One Per Cent

The millionth individual loan by the Federal Farm Credit Administration in less than five years was made to a farmer near Logansport, Indiana, on July 8. On that volume since the agency was established in the autumn of 1933, FCA announced that losses on all loans to farm and livestock co-operative members and individuals aggregating a billion dollars, "have been less than one-half of one per cent."

Ontstanding FCA short-term production loans to American farmers and livestock men amounted to $183,168,000 on July 1, 1938—an all-time high. They include advances to 535 co-operative production credit associations throughout the country and compare with loans totaling $159,242,000 outstanding on July 1, 1937. Additions to the accounts outstanding have been reported in every half-yearly statement since co-operative farmers credit agencies were provided for in September, 1933. Total volume of business done for the period is now a billion doliars.

Though production credit organizations constitute the fastest growing of the permanent units under the Farm Credit Administration, the twelve federal land banks—organized in 1917—hold the largest volume of business. At latest report they had 630,500 long-term first mortgage loans outstanding in the amount of $2,015,000,000. As agents for the land bank commissioner, the federal land banks held 453,000 first and second mortgage "commissioner loans" for $797,000,000. Total of these two varieties of loans represents a fraction over 32 per cent of the farm mortgage debt of the United States.

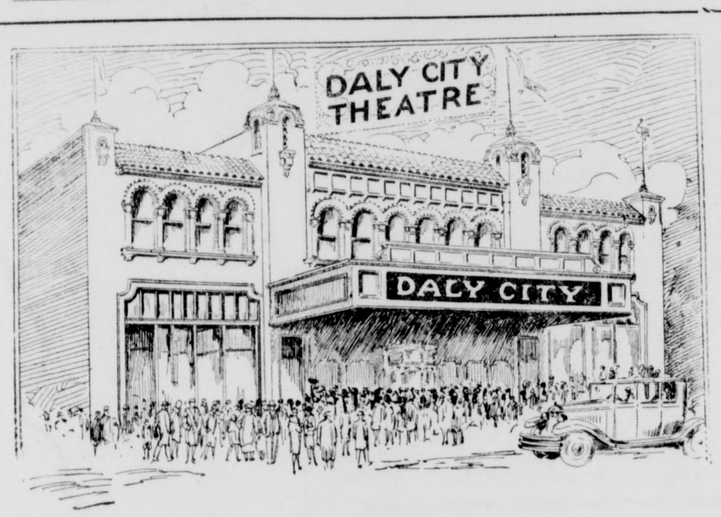

The Central Bank for Co-operatives in Washington and twelve district banks throughout the country, designed to advance credit to co-operative associations of livestock men and farmers, at the last monthly report had $60,486,000 outstanding with such organizations.

EXPERIENCED HOUSEWIFE CLUB

(By Maude LaRue Ives)

QUICK BAKED BEANS

(Contributed)

1/3 pound sliced bacon (bacon cut in one inch pieces)
2 cans Boston style baked beans
1 small onion
1 teaspoon dry mustard
4 tablespoons molasses

Grease bean pot or baking dish and line with the bacon. Pour in the canned baked beans. Chop and fry the small onion and add to the contents of the bean pot. Mix mustard with molasses and pour over the beans. Top casserole with a few pieces of bacon. Bake in a slow oven (300 degrees), for two hours, stirring occasionally. If not to be served immediately, cover casserole at the end of two hours to retain moisture.

HOUSEHOLD SUGGESTION

Hot foods such as scalloped potatoes and baked beans can be taken to a picnic if they are carried in the same containers in which they were baked and wrapped in several newspapers or insulated paper bags.

SCALLOPED POTATOES

(Contributed)

4 medium sized potatoes
1½ cups thin white sauce
2 tablespoons butter
Salt and pepper

Pare and slice potatoes thin. Cover in cold water and let stand ¾ hour. In the meantime prepare the white sauce. Drain potatoes and arrange in a greased baking dish. Sprinkle each layer with salt and pepper and the butter, previously diced. Cover with the white sauce and bake in a moderate oven (350 degrees) 40 minutes. Serves 6.

FRENCH DRESSING

(Contributed)

½ cup sugar
1½ teaspoons paprika
1½ teaspoons salt
1 teaspoon dry mustard
½ cup vinegar
1 cup salad oil

Blend the sugar, paprika, salt and mustard. Add slowly the vinegar and the salad oil. Beat for 3 minutes at third speed in electric mixer, or by hand with an egg beater. If made in a large quantity and kept in a bottle or jar it is nice to add

1 bay leaf and
1 clove of garlic

ORANGE JELLY PARTY CAKE

(Contributed)

2 tablespoons granulated gelatin
½ cup cold water
2 cups orange juice
1 tablespoon lemon juice
¼ cup sugar
½ teaspoon grated orange rind
¼ teaspoon salt

Soak gelatin in cold water for 5 minutes and dissolve over hot water. Add orange juice, lemon juice, sugar, grated orange rind, salt and stir until dissolved. Pour into cake-shaped mold. When firm, unmold and press animal crackers into sides to make border around top and bottom. Garnish with whipped cream. Serves 6.

Funeral Of Former Daly City Woman

Funeral services were conducted, Friday evening of last week, at the Lasswell Mortuary Chapel, for the late Consuela Maria Bushy of 3234 Twenty-second street, San Francisco, who passed away, Thursday afternoon of last week, in Franklin Hospital following a brief illness.

Rev. H. Pittman of Trinity Center read the service. Mrs. Orville Pauw sang the hymns.

Interment was at Sacramento, Saturday morning.

A host of friends mourn the loss of a devoted friend and neighbor. The Bushy family is well known in Ocean View and the Crocker Tract, where the four younger Bushy girls attended the Sheridan and Longfellow schools.

The surviving relatives are five daughters—Mrs. Marie McPhederain of Chicago, Mrs. Juanita Alger, Mrs. Lenore Jackson, Mrs. Helen Giles and Mrs. Anita Benish, all of San Francisco; four grandchildren—Robert McPhederain, and Betty, Wells and Gwendolyn Alger; and a niece, Carmen Lopez.

Nine years after he had been declared dead and insurance on his life had been paid, John Barton returned to his home in Ashford, Eng.

'How Can He Work?"

Everyone but the man on the steel frame stopped work on the ne assembly hall eight months ago when these Sacramento co-eds stroll by and this picture was snapped. (Can you blame them?) But sin then the men have tended to business and the building will be co pleted in August. Oh, yes, don't forget the State Fair and Exposit is to be held in Sacramento September 2 thru 11—yes, the girls will there too. Left to right, Nola Swain and Elsie Wooden.

Boy Scouts Have Cheap Vacation

Troop No. 148, Boy Scouts, returned home during last week after spending ten days camping at Big Basin, in the Santa Cruz Mountains. The boys enjoyed themselves swimming and hiking. The group also journeyed to Boulder Creek for boating.

The entire vacation trip cost the boys only $5 each.

The Scouts enjoying this trip with their Scout Master, Melvin Hanson, were Assistant Scout Master George Wallace, Joe Becker, Miles Butcher, Leslie Greig, Mervin Leibschere, Jack Hickey, Harvey Milicker, Jack Eason, Louis Arata and Billy Freeman.

In a recent poll by the American Institute of Public Opinion to determine sentiment as between Ford and the C. I. O., 66 per cent expressed sympathy for Ford, and 34 per cent for the C. I. O. The vote of car owners was even more decisive: 73 per cent for Ford, to 27 per cent for the C. I. O.

Back To School Work For Mothers

Back to school for the children means back to P. T. A. work for the mothers. Mrs. I. Marquis, president of General Pershing, called the first board meeting of the term at her home, on Wednesday of this week. A committee was formed for the whist to be held in the General Pershing School on the evening of August 18. Play starts at 8:30 o'clock.

Mrs. M. Calvin, program chairman, reported on program, which is to be distributed to the members at the first meeting in September.

The latter meeting will be held in the school, Tuesday, September 6, at 2 p.m.

Italian Catholic Federation Picnic

On Sunday, August 7, the Italian Catholic Federation, Branches of San Francisco, Daly City, Colma, South San Francisco, Redwood City and Mountain View held the annual picnic at New Portola Park.

It was estimated between four and five thousand people attended the affair, which is the largest number ever to attend a picnic at Portola Park.

RECEPTION FOR GRAND OFFICER

Hillcrest Circle No. 143, United Ancient Order of Druids, met Monday evening of this week. A reception honoring Grand Second Guard Madeliene Fellows was held. Also honored were the delegates to convention: Martha Wegner, Agnes Prescott, Grace Hill and Minnie Bernardi. Chairmen of the evening were Mrs. Catherine Foreman and Mrs. Marcia Trier. Beautiful escort work was done under the guidance of Mrs. Sue Hopman. Mrs. Rose Watson had charge of the decorations. Past Grand Arch Druidesses Mae Lane and Sarah Armstrong, sponsors of the grand second bard, were presented lovely bouquets. Mrs. Fellows was presented with many lovely gifts and beautiful flowers.

Grand officers present were Grand Arch Druidess Celine Smith, Grand Conductress Minnie Lino, Grand Guardian Speranza Camous, Grand Trustees Mary Chiamo and Ange Hurley, Junior Past Grand Arch Druidess Sadie Meyers, Past Grand Arch Druidesses Mae Lane, Sarah Armstrong, Hanah MacDonald, Della Childs, Grand Noble Arch Joe Ghiotto, Grand Chief Druid Frank Bush, Grand Chief Bard Charles Hageman. Many Circles were represented.

The banquet room was beautifully decorated and delicious refreshments and home made cakes were served to the large gathering.

The regular monthly whist will be held August 22 with Mrs. Victorine Lombard and Mrs. Madeliene Fellows as chairmen. Everybody is invited to attend.

American Legion Day At State Fair

Members of the American Legion who visit the 1938 California State Fair and Exposition on Legion Day, September 4, will be given 150,000 ice-cold pears.

This was announced recently by C. M. Ash, chairman of the Legion Day committee. The El Dorado Post No. 119 of Placerville has donated the pears to be distributed to every legionnaire as he enters the State Fair grounds.

A Resolution Ordering Sale Of School Building And Giving Notice Thereof

WHEREAS, in the judgment of this Board of Trustees of the Jefferson School District, an Elementary School District of San Mateo County, California, that certain school building, described as that certain two-story frame building known as the "Old Vista Grande School Building," located at 6666 Mission street, Daly City, California, is no longer needed for school purposes, or other public use by said District;

NOW, THEREFORE, BE IT RESOLVED AND IT IS HEREBY RESOLVED, and this Board does hereby declare its intention to sell the hereinabove described school building, as is, to the highest and best responsible bidder for cash in lawful money of the United States.

BE IT FURTHER RESOLVED that said building, as is, shall be sold to the highest and best responsible bidder for cash lawful money of the United States at a public meeting of this Board to be held on the 6th day of September, 1938, at 8 p. m., in the Manual Arts Building on Santa Barbara avenue, between Knowles and Vista Grande avenues, Daly City, California, which time and place is hereby designated and fixed as the time when and the place where this Board will meet to receive, open and consider sealed proposals to purchase said building. The successful bidder shall pay the amount of his bid within twenty-four (24) hours after notice to him of the Board's acceptance of said bid, and he must within twenty-eight (28) days, as part of the consideration for said building, completely remove the building from the property, leaving the property clean and free from debris.

BE IT FURTHER RESOLVED that this Board reserves the right to reject any or all bids.

IT IS FURTHER ORDERED that the Clerk of this Board shall give notice of the adoption of this resolution and notice to bidders by posting, or causing to be posted, signed copies of this resolution in three public places in this School District not less than fifteen (15) days before the date of said meeting and by publication of a signed copy of this resolution in the Daly City Record, a newspaper of general circulation published in the County of San Mateo, for not less than once a week for three successive weeks before said meeting.

Duly resolved and ordered this 1st day of August, 1938.

Christian Science Lesson Sermon For Next Sunday

"Hear me speedily, O Lord: . . . . cause me to hear thy loving kindness in the morning; for in thee do I trust: caues me to know the way wherein I should walk; for I lift up my soul unto thee." These words from Psalms comprise the Golden Text to be used Sunday, August 14, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Soul." Included among the Scriptural selections will be: "I will bless the Lord at all times: his praise shall continually be in my mouth. My soul shall make her boast in the Lord: the humble shall here thereof, and be glad. O magnify the Lord with me, and let us exalt his name together" (Ps. 34: 1—3).

The following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "Soul and Spirit being one, God and Soul are one, and this one never included in a limited mind or a limited body. Spirit is eternal, divine . . . . Only by losing the false sense of Soul can we gain the eternal unfolding of Life as immortality brought to light" (p. 335).

High P. T. A. Program Committee Meets

The program committee for the Jefferson Union High School P. T. A. met, Thursday afternoon of last week, at the home of the president, Mrs. Sue Sanders. The theme for the coming year's program is "Purposeful Growth; Child's Right; Adult Responsibility."

Interesting programs and speakers have been planned with three night meetings scheduled. Those present at the meeting were Mrs. Alice Harding, Mrs. Stella Jensen, Mrs. Grace Hill, along with the hostess.

Ordinance No. 215

AN ORDINANCE REGULATING TRAFFIC ACROSS CERTAIN PUBLIC STREETS AND WAYS IN THE CITY OF DALY CITY AND ESTABLISHING A SYSTEM OF ARTERIAL STOPS THEREIN.

The City Council of the City of Daly City do ordain as follows:

Section 1. The following named streets, ways and public highways in the City of Daly City are hereby designated as being arterial highways, to-wit: Park View Avenue, South Park View Avenue, North Park View Avenue, Junipero Serra Boulevard, Crocker Avenue, Templeton Avenue, Mission Street, Hillside Boulevard, Hillcrest Drive, Citrus Avenue and Evergreen Avenue, for their entire length within the City of Daly City.

Section 2. It shall be unlawful for the driver of any vehicle to fail to stop such vehicle with the front wheels thereof behind the projected curb line of any of the public highways in the City of Daly City which are herein designated as Main Arterial Highways where signs bearing the designation Arterial Stop have been placed upon any street or avenue intersecting such Main Arterial Highway.

Section 3. At any of the intersections of streets or highways within the limits of the City of Daly City where "markers" have been placed upon the roadway by the police department of said city within such intersection indicating the course to be traversed by vehicles turning at such intersection, it shall be unlawful for the driver of any vehicle to fail to follow the course indicated by the "markers" so placed. The term "markers" as used herein shall be construed to mean any metal marker or any manner of designation by painting upon the street or highway.

Section 4. Any violation of the provisions of this ordinance shall be deemed a misdemeanor and upon conviction thereof shall be punishable by a fine not exceeding Three Hundred ($300.00) Dollars or by imprisonment for not exceeding thirty (30) days, or by both such fine and imprisonment.

Section 5. This ordinance shall be published once in the Daly City Record, a newspaper published weekly in said City of Daly City, California.

Introduced the 25th day of July, 1938. Passed and adopted as an ordinance of the City of Daly City, California, at a regular meeting of the City Council of Daly City held the 8th day of August, 1938, by the following vote, to-wit:

Ayes, and in favor thereof, Councilmen: Cavagnaro, Sundermann Fahey, Twesten, Selmi.

Noes, Councilmen: None.

Absent, Councilmen: None.

PAUL G. SELMI,
Mayor of the City of Daly City.

LUXURY CAMPS MODEST PLACES ARE IN DEMAND

Quiet And Rest Are Incentives For Vacations In Mountain Retreats

As the pioneer and founder of municipal recreational camps, Los Angeles opened in July its twenty-fifth season as host in mountain retreats to vacation-seeking city dwellers.

Camp Seeley, where nonprofit, lowcost municipal outings were inaugurated in 1914, swung into its summer schedule of American-plan accommodations and extended community activities, climax to its year-round snow-to-sun calendar. It nestles in the San Bernardino Mountains 75 miles east of Los Angeles. Last year more than 20,000 camper-days were registered, and even more are expected in the season which reverts on September 6 to the quiet of the off-season slack of visitors.

Camp High Sierra is in the center of central California's famous Alpine wonderland, 335 miles northward in the Mammoth Lake country. It is open only for the July 2-September 5 season. On a strictly American plan, it charges $2.75 a day for cabin and meals for adults over 15 years of age, or $17.50 a week, ranging downward to 75 cents a day or $4.55 a week for children under two.

With room for 100 guests, the rustic cabins at the 8400-foot level are cool and comfortable. Guests bring their own towels and extra blankets, as all other bedding is furnished. The recreation lodge is the center of camp life, with amateur dramatics, music, dancing, table games, shows, and story-swapping. Lakes, streams, and mountains provide swimming, boating, fishing, and horseback riding. At the camp grounds are facilities for other team sports.

Camp Seeley, which has a daily capacity of 250, charges $2.20 a day of $14 a week for adults, on down to 25 cents a day of $1.75 a week for children under two. Guests bring their own linen and blankets, to suit the 4700-foot elevation. Also available are a few housekeeping cabins, ranging around $2.50 a night, for four persons.

Camp Seeley has playgrounds, sports equipment, swimming pool, and library, all free to camp giests.

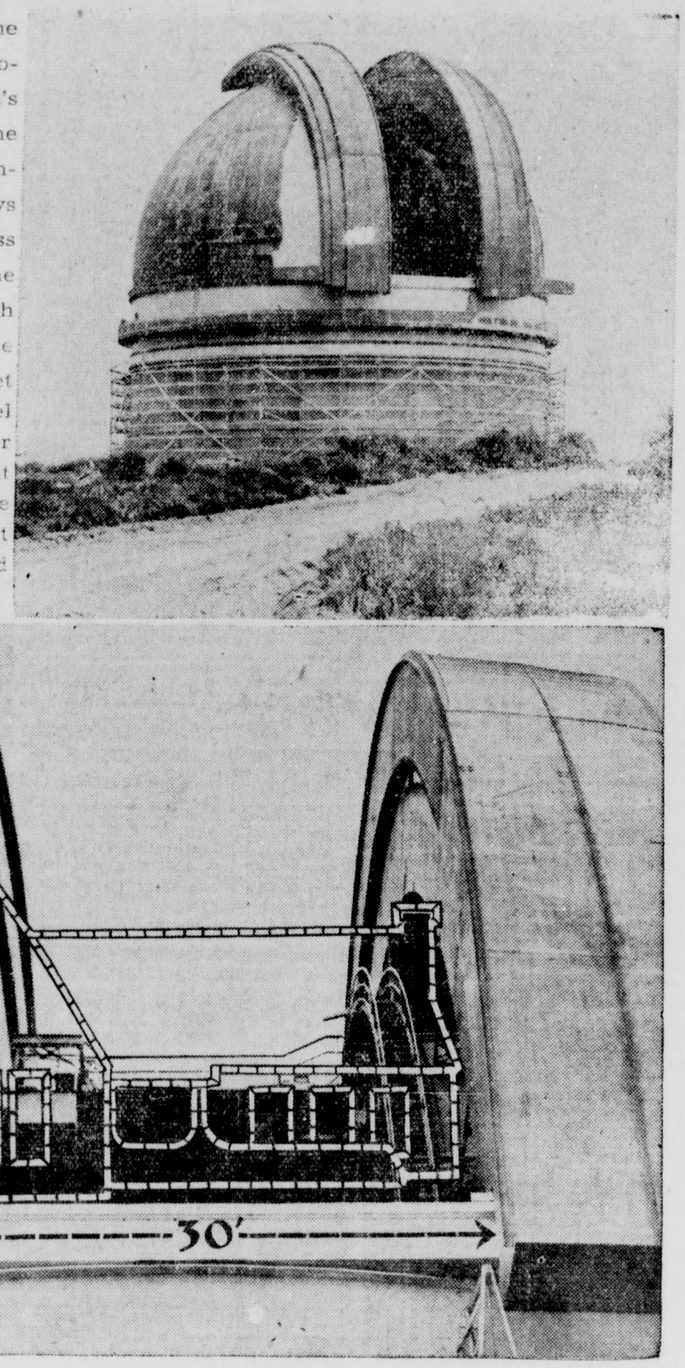

George Hjelte, city playground superintendent, points to these camps as a leavening influence among all classes: those in the low-income group are eager to make reservations for facilities which cannot be duplicated at private, profit-making camps; those in the upper income group often make reservations to get away from the stilted fashions of luxury camps where relaxation competes with "keeping-up with the Joneses." During the season, community programs in the form of competitions, nature walks, storytelling, and other entertainment are in full swing, guided by professional directors.

Other mountain camps maintained by the City on the first-come, first-served basis are Camp Radford, near Camp Seeley, and Griffith Park Girls' Camp inside the city, both of which are available to organized groups requiring an entire camp for outings at any time of the year.

A jug of bootleg whiskey exploded when placed near a steam radiator and blew out the window of a police station in Chicago.

Palomar Observatory Rapidly Nearing Completion

Rapidly nearing completion, the telescope building atop Mount Palomar, Cal., soon will house the world's largest astronomers reflector — the 200 inch "sky-eye." Dr. John A. Anderson, in charge of the work, says that in a few weeks the huge glass will be put on the grinding machine to receive the final polishing with jewelers' rouge. Top photo shows the building photographed from 1000 feet away. The dome of welded steel weighs 2,000,000 pounds. Lower photo shows the thirty foot slit through which the 200 inch telescope will peer into the skies. An eight room house, as indicated by dotted lines, could fit in the aperture.

FEDERAL FOOD ACT ENFORCED

The first seizure under the new Federal Food, Drug, and Cosmetic Act of June 25, 1938, has been made. The United States Department of Agriculture announced that on the recommendation of the Food and Drug Administration, the federal district attorney at Milwaukee, Wis., caused seizure of a consignment of "Lash Lure the New Improved Eyebrow and Lash Dye," manufactured by the Cosmetic Manufacturing Company of Los Angeles, California. The government alleges that numerous instances of severe eye injury to women who have used the product are on record. Including a number of cases of total blindness. Until the passage of the new act, the government has been powerless to prevent continued traffic in this article.

Under the law the interstate shipment of dangerous cosmetics is immediately prohibited. The act, in most of its provisions, does not become effective until June 25, 1939.

Eastern Hostelers Depart For South

Forty young hostelers from New England left Los Gatos by train, Tuesday evening of this week, for Los Angeles. The twenty-three boys and girls arrived at the Montezuma youth hostel, Monday, on their tour of the Peninsula. This last visit ended their circuit of San Mateo County and other points of interest in the surrounding vicinity.

The party of young folks is making a 10,000 mile excursion of the country by train and bicycles.

Sleepy Driver Is Injured In Crash

Paul Lueke, 38, 773 Cole street, San Francisco, was treated at the Villa Hospital, Tuesday of this week, for cuts and bruises received early in the day when his car ran into a power pole at Cole and Mission streets.

Lueke had fallen asleep at the wheel, and without the guiding of a driver what else could be expected of an automobile running on the highway at large.

RODEO SEASON IS STILL LONG WAY FROM END

Far from having reached its end, the rodeo season still has an inviting array of offerings for the many followers of this typically western sport, it is pointed out by the touring bureau of the California State Automobile Association. "For the motorist in quest of attractive trips to scenes of thrilling sport, the rodeo calendar is an infallible guide," said a report listing the season's remaining rodeos. The list follows:

Hollister, August 19-20 — San Benito County, noted for excellent saddle horses and expert horsemen, has plenty of home material to stage this widely acclaimed horse show and rodeo.

Susanville, August 26-28—The Lassen County Livestock Show and Rodeo, with riders and stock of the region. All the popular rodeo arena features, plus exhibits of fine livestock.

Elko, Nev., August 26-28—Oldest frontier show in the state, with leading professional cowboys and expert amateurs, and selected rodeo stock from the Rowell Ranch of Hayward, Calif.

Winnemucca, Nev., September 3-5—A real western rodeo, with hard-riding performers right off the nearby ranges. An annual event, the Winnemucca Rodeo grows bigger each year, with a lively Labor Day celebration program added.

Lakeport, September 3-5—Rodeo events as a leading feature of a festive observance of Labor Day, a combined land and water program on the shores of Clear Lake and on its surface. Besides the rodeo, and other shore-side attractions, a speed boat regatta will be held on the lake.

Pendleton, Ore., September 15-17—One of the real "big league" events of the rodeo world, attracting a heavy attendance each year from California, Nevada and other western states.

Future rodeo dates: Roseville, September 30-October 2; Bakersfield, September 30-October 2; Victorville, October 14-16; Dinuba, November 10-11.

Bruce Kupustka, 28, of Chicago, travels over the country kissing girls as research work in a serious study of the art of kissing.

Colma News Notes

Miss Bena Cepresso has returned from Sacramento, where she spent two weeks vacation with her cousin.

Carl Grossman is the chairman of the whist party to be given, this Friday evening, August 12, by the Colma Volunteer Fire Department.

Mr. and Mrs. Alfred Zanetti have returned from a two weeks vacation spent with Mr. and Mrs. Guido Santucci of Oakdale, formerly of Cavour street, Daly City.

A new motor has been installed in the Company No. 6 fire truck. The new motor is more powerful than the one removed and will be an important factor in the efficiency of this fire company.

Dave Bocelli of Dave's Market and party of friends motored to Healdsburg over the week end, and spent the day deer hunting, but without results other than a good time.

The people of Colma and Daly City are a unit in wishing success to the newly organized Emydian Institue No. 154, Young Ladies Institute, of which the following are charter members and first officers: Inez Benassini, president; Veronica Ryan, past president; Pat Camenzind, first vice president; Ramilda Grandona, second vice president; Terry Dell 'Amico, recording secretary; Eleanor Gaggero, financial secretary; Ruth Clark, treasurer; Rosemary Flanagan, marshall; Frances Flanagan, inside sentinel; Norma Bertetta, outside sentinel and Mary Conti, Jean Champi and Angelina Mazzini, trustees.

Dr. Paoli and James Casey went salmon trolling in the heads outside of the Golden Gate and returned with three good sized salmon.

Angelo Olcese has started construction of four new homes on Mateo avenue, between Market and Vale streets.

The soft ball team recently organized by Court Colma No. 83, Foresters of America, of which Leo Graziani is captain, is now being outfitted with uniforms, and will then be ready to take on all comers.

The party of deer hunters, including A. Olcese, L. Volkman, G. Volkman, F. Volkman and L. Domeceus of Colma, returned from Mendocino County with thirteen bucks.

Kind Wishes Paid By Historical Data

Kindliness is paying dividends in the form of historical data to Sacramento Parlor No. 3, Native Sons of the Golden West.

A good-will committee sends congratulatory cards to persons who celebrate 80 or more birthdays and to couples observing 50 or more wedding anniversaries.

With each one sent to Californian is a request for some memory of pioneer days; and many bits of history, never before written, are being salvaged through this custom.

At first these activities were limited to California and this area; but within the last year, greetings have been sent anywhere in the world whenever the group is informed of the proper occasion.

As a result, Sir Temulji and Lady Nariman of Bombay, India, both 90 years old, and celebrating their eighty-fifth wedding anniversary, having been married when they were five years old, were congratulated. They wrote the following note to the parlor committee:

"Lady Nariman and I thank you all most sincerely for your good wishes. I wish you all success and prosperity." The letter was signed by Sir Temulji.

All the letters sent in reply are being kept and some day may be published.

SUSPENSION OF COUNTY PATROL HEAD ANNOUNCED

Charges Filed After Many Months Of Investigation Of Conduct In Office

(Continued from Page 1)

clared. "The general charges are based on specific instances contained in the report submitted to Chief Cato. I regret that it was necessary to take this action against the officer, but it was necessary for the public good."

Ford said Perussina is "relieved from command and further duties with the patrol until a hearing of the charges."

Perussina will be tried before the state personnel board in San Francisco. No date has been set for the trial.

Although he may no longer act in the capacity of an officer, Perussina will continue to draw his salary until his case has been determined by the state board.

Ford said that Perussina's successor, Captain Cassell, comes to San Mateo County with "an enviable record."

Captain Perussina, who resides in Burlingame with his wife and son, steadfastly refused to resign under pressure of the investigation of his conduct.

For several months he had faced a choice of retirement on disability pension, or trial on charges based on the probe by the district inspector, which culminated in his suspension, this week.

The county patrol chief was critically injured in a motorcycle-automobile accident in 1932, in which one man was killed.

Perrussina, attached to the patrol nearly a decade, succeeded to captaincy of the county force after his predecessor, Captain James Logan, was transferred to the San Francisco office following an accident involving Logan's patrol car.

Felidae Mother Rescues Kitten

An eleven year old citizen of Buffalo, N. Y. is the owner of Whitey, a heroine cat, whose bravery was proven and a certificate for meritorious service was awarded the brave pet by the State Humane Society. The trophy was a source of pride to the young master, Henry Wydo, who hung it in a place of honor in his home.

Whitey several weeks ago dashed between firemen's legs into a burning barn and emerged with her week-old kitten in her mouth.

Recently, Whitey and the kitten slept soundly through an elaborate presentation ceremony, in which her feat was dramatized — with sound effects — and Mayor Tom Holling extolled her bravery.

The mayor said Whitey was "a symbol of something that men and women honor all over the world—the instinct of motherhood."

Whitey awoke only when ensuing applause startled her. Her sole reaction was to draw the kitten into a more protective embrace.

WINS FIESTA PAGEANT ROLE

Dick Fowler, above, eight-year-old Burlingame boy, wrote the San Mateo County Floral Fiesta for a part in the annual pageant this year, claiming he has had "very much experience." His letter won him a major role in the show as a cabin boy. Many more men and boys are needed for Fiesta parts and may win roles by applying to Fiesta Headquarters in San Mateo.

TO VOTE ON COW PALACE BONDS

A bond issue to provide $525,000 to finish the Visitacion Valley Livestock Pavilion in the extreme north end of San Mateo County was among the seven issues which the San Francisco Board of Supervisors decided, early this week, to submit to the citizens there at a special election expected to be held September 27.

The "cow palace" proposal had not previously been considered definitely by the board as a part of the proposed PWA program, but it came before the supervisors with a favorable recommendation from their finance committee and was given unanimous approval.

TRADE ON INCREASE

The expansion of Alaskan mining industries boosted the territory's purchases of American products more than four million dollars, it was learned this week by the Treasury Department at Washington from the collector of customs at Juneau, Alaska.

SECOND STORY PULLMAN

A new train running between San Francisco and Chicago has coaches built in two stories. They have seven bedrooms upstairs and nine downstairs. The beds run crosswise and are transformed into sofas by day.

School Attendance Increase This Year

From the office of the state superintendent of public instruction at Sacramento came the announcement, this week, that California's school attendance during the last school year exceeded the million mark for the second consecutive time.

The attendance in the state's elementary schools, high schools and junior colleges for the school year 1937-1938 was 1,039,340, with 687,859 in elementary schools, 331,897 in high schools and 19,584 in junior colleges.

In the previous year total attendance was 1,011,102.

Urges All Women Be Sure To Vote

Mrs. H. S. Dana, chairman of San Mateo County Unit, Pro America, urges all women to vote in the primary election. If you cannot vote in person, Pro America reminds you that absentee ballots are available.

If you need an absent voter's ballot, Mrs. Dana continues, you can make application with the county clerk not more than twenty days and not less than five days before election. If you are a shut-in and cannot come to the polls, you may have a deputy call on you for your ballot.

lowed in buying the new apparatus."

The commissioners had already made an agreement with P. E. Van Pelt of Oakdale, manufacturer of rural apparatus, for a new truck, to be paid for at the rate of $1500 a year for four years, beginning this fiscal year, and with a final payment of $571.

However, no payment has been made yet, as the result of inquiries by the controller's office into the legal status of the contract.

Sullivan said that both the grand jury and his office had recommended to the Board of Supervisors that the latter refuse to include $1500 in this year's Brisbane district budget for first payment on the new apparatus, until the proposition had first been submitted to the voters for approval.

The board has tentatively agreed to follow this advice, Sullivan said.

About a week ago, a grand jury committee reported to the main body that the district commissioners had agreed to cancel the Van Pelt order and hold an election to determine whether the people wanted to invest in a new fire engine. No mention of this action was made in Chairman Brown's letter of resignation.

MACHINE CRASH NEAR BRISBANE

Fred J. Schneider, 55, Oakland, suffered a lacerated forehead and fractured left ribs, early this week, when his car was struck on Bayshore Highway near Brisbane by a hit-run motorist, according to police report.

Police are checking the license number of an automobile abandoned on Bayshore Highway, which was discovered shortly after the crash.

HEART TROUBLE

Bing Crosby is a crooning physician who masquerades as a policeman only to lose his heart on his first assignment in "Doctor Rhythm," the new musical comedy, which opens next Sunday at the Daly City Theater. Pearl-blonde Mary Carlisle is his romantic interest, while Beatrice Lillie is also cast.

Crosby And Lillie Head Comedy Cast

An ace singer who can clown and an ace clown who can sing, pool their talents in Paramount's smashing new musical comedy, "Doctor Rhythm," which comes, Sunday, to the screen of the Daly City Theater. They are Bing Crosby, fresh from his triumph in "Double or Nothing," and the inimitable Beatrice Lillie, who has panicked audiences all the world over and now appears in her first important screen venture.

It is a jazzed-up version, set to music, of the great O. Henry's immortal story, "The Badge of Policeman O'Roon," which relates the rollicking experiences encountered by a fashionable New York physician who masquerades as a policeman for a day to help a friend out of trouble. He gets more than he expects when his first assignment is to be a personal bodyguard to a madcap society woman, Miss Lillie, who is also the favorite patroness of the New York police force.

Trouble piles on trouble for the pseudo cop when Miss Lillie orders him to track her beautiful niece, Mary Carlisle, and see to it that she does not run away with a no-good racketeer, Fred Keating, with whom she fancies herself in love. When his borrowed uniform fails to impress the girl with his importance, he croons her into submission.

Swing music, under the leadership of Louis Armstrong and his famed band, paces the mad comedy of the picture. Bing has a bag of song hits well up to the high standard he has set in his previous productions, chief among them "My Heart Is Taking Lessons" and "On the Sentimental Side."

For this light-hearted comedy Director Frank Tuttle gathered some of Hollywood's best liked comic players. In addition to Andy Devine, Laura Hope Crews and Sterling Holloway, there is a rare collection of over a hundred performing animals for the memorable Central Park Zoo sequence.

WILL TAKE TRIP

Mr. and Mrs. M. Jensen of Lawndale expect to leave, Sunday, for an extensive eastern tour, planning on returning about the middle of September.

Their tour this year will take them to New York, Boston Niagara Falls, Washington, D. C., and Quebec and Montreal, Canada.

PRESIDENT'S SON BEGINS WORKING FOR SMALL PAY

Beginning at the bottom and working up to the top of the ladder is good business, even for a president's son. The William Filen's Sons Company, a Boston department store, is opening their commercial school for the training of employes the latter part of this month and among its pupils will be John Roosevelt, the youngest son of our nation's executive.

The young aspirant, it was learned from a member of the family, will commence his life work at only $18 per week, soon after he returns from his Bermuda honeymoon with the former Anne Lindsay Clark of Boston.

MISS ESTHER BRANCH

University graduate in Home Economics, special representative of the Spry Research Kitchen in Cambridge, Massachusetts, lecturer and writer in food subjects and recognized authority in the food world.

This lecturer is a superb cook. In the course of her demonstration she turns out delicious light cakes, tender flaky pastry, and a variety of appetizing, economical foods that leave you breathless at her skill. Best of all, she shows you how to get the same results.

Probably no other lecturer in food subjects furnishes such accurate recipes for appetizing foods, or puts on so many comprehensive demonstrations on the stage, or makes the business of being a housewife so attractive.

As a trained Home Economist, her lectures are authoritative, in line with modern ideas in food circles, while as an extension worker for the Spry Research Kitchen, her demonstration technique is practically faultless.
